PROFESSIONAL SUMMARY

I specialize in building responsive and user-centric web applications. With expertise in React.js, Next.js, and modern UI frameworks like Tailwind CSS, I am passionate about creating intuitive and visually appealing interfaces. My goal is to secure an internship or full-time role as a frontend developer, contributing to innovative and impactful projects.

FACULTY OF EDUCATION, COMPUTER SCIENCE DEPARTMENT

Mansura University
BS Computer Science *GPA: 3.2*

Mansura, Egypt
Sep 2023 - May 2027

EXPERIENCE

Freelancer/personal projects
Frontend developer

PROJECTS

Full Stack social media app *Next.js 15, Clerk Authentication, Neon Database*

Developed a full-stack social media platform with a scalable architecture, secure user authentication, and responsive design. Implemented complete CRUD operations and optimized performance for seamless user experience.

Simple Gym App *React.js, Tailwind CSS* Built a gym management application featuring workout tracking and user management.

Coffee Shop landing page *Next.js, Tailwind CSS* Designed and developed an e-commerce site for coffee products with a focus on performance and SEO.

Furniture Website landing page *Tailwind CSS, JavaScript* Created a stylish, responsive furniture sales website emphasizing clean design.

ToDoList App *react.js, tailwindcss* Developed a task management app with a seamless and interactive user experience
